Hamsey Green Sport's Premium Funding 2024- 2025

Expenditure	
is £19,270	Carry forward
£18,790	£ 0

This is now the tenth year of the sports premium funding and once again Hamsey Green Primary School will be receiving a large sum of money which is ring fenced to PE and Sport. Sports Premium Funding 2023-2024 Department for Education Vision for the primary PE and Sport Premium is: ALL pupils leaving primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport. The Government's Ambition is for all children and young people take part in at least 60 minutes of physical activity every day. As set out in the Childhood Obesity Plan, at least 30 minutes should take place in schools, and the remaining 30 outside the school day. Children with special educational needs and disabilities should take part in 20 minutes of daily activity. All children should have equal access to high-quality PE provision and opportunities to experience and participate in a wide range of sports and physical activities. Children and young people have the opportunity to realise developmental, character-building experiences through sport, competition and active pursuits. All sport and physical activity provision for children and young people is designed around the principles of physical literacy, focuses on fun and enjoyment and aims to reach the least active. Schools are free to spend the Sports Premium as they see fit. Schools will use the PE and sport premium funding to help achieve these aims. It will not be used for core-type school activities. We will use it to make additional and sustainable improvements to the PE, sport and physical activity they provide, such as:

- funding high-quality PE and sport for at least 2 hours a week, complemented by a wide range of extracurricular sport and competitive opportunities
- providing or improving equal access to sport for boys and girls

There are 5 key indicators that schools should expect to see improvement across.

1. Increased confidence, knowledge and skills of all staff in teaching PE and sport
2. Engagement of all pupils in regular physical activity
3. The profile of PE and sport is raised across the school as a tool for whole school improvement
4. Broader experience of a range of sports and activities offered to all pupils
5. Increased participation in competitive sport

Schools are required to publish online information about how we have used the Sports Premium by 31st July 2025. This will ensure that parents and others are made fully aware of the attainment of pupils in PE covered by the Premium and the extra provisions they receive.
