

Special Educational Needs and Disabilities (SEND) Policy

Hamsey Green Primary School and Acorns Nursery

Hamsey Green
Primary School

The scheduled review of this SEND Policy has been postponed in response to the Government's expectation that all schools develop a School Inclusion Strategy to support the effective implementation of the Inclusive Mainstream Fund (IMF).

Delaying the review will ensure that any future amendments to this policy are informed by the most current statutory guidance, national developments, and emerging best practice. This approach will enable the school to make well-informed decisions regarding the ongoing development of its SEND provision and wider inclusive offer.

In the interim, the school's existing SEND Policy remains fully in effect and continues to underpin our commitment to providing high-quality, inclusive education and support for all pupils with special educational needs and disabilities. This commitment reflects our ongoing determination to identify and remove barriers to learning, enabling every pupil to achieve their full potential.

Contextual Information

Hamsey Green is a larger than average sized primary school in Surrey formed in 2010 by the amalgamation of an infant and junior school. We are a two-form entry Primary school with the capacity for 14 classes (including Reception). The school is on two sites having opened Acorns Nursery in September 2020, and borders the London Borough of Croydon and most pupils come from the local community.

3. Legislation and guidance

This is based on the statutory [Special Educational Needs and Disability \(SEND\) Code of Practice](#) and the following legislation:

- [Part 3 of the Children and Families Act 2014](#), which sets out schools' responsibilities for pupils with SEND
- [The Special Educational Needs and Disability Regulations 2014](#), which set out local authorities' and schools' responsibilities for education, health and care (EHC) plans, SEND co-ordinators (SENDCOs) and the special educational needs (SEND) information report
- The [Equality Act 2010](#) (section 20), which sets out the school's duties to make reasonable adjustments for pupils with disabilities
- The [Public Sector Equality Duty](#) (section 149 of the Equality Act 2010), which set out the school's responsibilities to eliminate discrimination, harassment and victimisation; and advance equality of opportunity and foster good relations between people who share a protected characteristic (which includes having a disability) and those who don't share it
- The [Governance Handbook](#), which sets out governors'/trustees' responsibilities for pupils with SEND

- The [School Admissions Code](#), which sets out the school's obligation to admit all pupils whose education, health and care (EHC) plan names the school, and its duty not to disadvantage unfairly children with a disability or with special educational needs
- The National Curriculum in England framework document
- Safeguarding Policy
- Accessibility Plan
- Teachers Standards
- Statutory Guidance on Supporting pupils at school with medical conditions

4. Inclusion and equal opportunities

At Hamsey Green School we strive to create an inclusive teaching environment that offers all pupils, a broad, balanced and challenging curriculum. We are committed to offering all pupils the chance to thrive and fulfil their aspirations.

We will achieve this by making **reasonable adjustments** through High Quality First Teaching, the curriculum and the school environment to make sure that pupils with SEND are included in all aspects of school life. The Ordinarily available provision schools' guide is a tool that offers advice and strategies to schools so that they can help all children learn in a way that suits them best and provides additional guidance on High First Teaching. Further information can be found on the link below.

5. Definitions

5.1 Special educational needs

A pupil has SEND if they have a learning difficulty or disability that requires special educational provision to be made for them.

They have a **learning difficulty or disability** if they have:

- A significantly greater difficulty in learning than most others of the same age, or
- A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

5.2 Disability

Pupils are considered to have a **disability** if they have a physical or mental impairment that has a substantial and long-term adverse effect on their ability to do normal daily activities.

The school will make **reasonable adjustments** for pupils with disabilities, so that they are not at a substantial disadvantage compared with their peers.

5.3 The 4 areas of need

The needs of pupils with SEND are grouped into 4 broad areas. Pupils can have needs that cut across more than 1 area, and their needs may change over time.

Interventions will be selected that are appropriate for the pupil's particular area(s) of need, at the relevant time.

AREA OF NEED	
Communication and interaction	Pupils with needs in this area have difficulty communicating with others. They may have difficulty understanding what is being said to them, have trouble expressing themselves, or do not understand or use the social rules of communication. Pupils who are on the autism spectrum often have needs that fall in this category.
Cognition and learning	Pupils with learning difficulties usually learn at a slower pace than their peers. A wide range of needs are grouped in this area, including: • Specific learning difficulties, which impact 1 or more specific aspects of learning, such as: dyslexia, dyscalculia and dyspraxia • Moderate learning difficulties • Severe learning difficulties • Profound and multiple learning difficulties, which is where pupils are likely to have severe and complex learning difficulties as well as a physical disability or sensory impairment
Social, emotional and mental health	These needs may reflect a wide range of underlying difficulties or disorders. Pupils may have: • Mental health difficulties such as anxiety, depression or an eating disorder • Attention deficit disorder, attention deficit hyperactive disorder or attachment disorder • Suffered adverse childhood experiences These needs can manifest in many ways, for example as challenging, disruptive or disturbing behaviour, or by the pupil becoming withdrawn or isolated.
Sensory and/or physical	Pupils with these needs have a disability that hinders them from accessing the educational facilities generally provided. Pupils may have: • A sensory impairment such as vision impairment, hearing impairment or multi-sensory impairment • A physical impairment These pupils may need ongoing additional support and equipment to access all the opportunities available to their peers.

6.5 Class teachers

Each class teacher is responsible for:

- Planning and providing high-quality teaching that is differentiated to meet pupil needs through a graduated approach and Ordinary Available Provision
- The progress and development of every pupil in their class

- Working with the SENDCO to review each pupil's progress and development, and decide on any changes to provision
- Ensuring they follow this SEND policy and the SEND information report

 - Set clear outcomes and review progress towards them
 - Discuss the activities and support that will help achieve the set outcomes
 - Identify the responsibilities of the parent, the pupil and the school
 - Listen to the parents' concerns and agree their aspirations for the pupil

6.6 Parents or carers

We work in partnership with parents for the benefit of the child.

Parents or carers should inform the school if they have any concerns about their child's progress or development.

Parents or carers of a pupil on the SEND register will always be given the opportunity to provide information and express their views about the pupil's SEND and the support provided. They will be invited to participate in discussions and decisions about this support. They will be:

- Invited to parent consultations meetings to review the provision that is in place for their child
- Asked to provide information about the impact of SEND support outside school and any changes in the pupil's needs
- Given the opportunity to share their concerns and, with school staff, agree their aspirations for the pupil
- Given an annual report on the pupil's progress

The school will take into account the views of the parent or carer in any decisions made about the pupil.

6.7 The pupil

Pupils will always be given the opportunity to provide information and express their views about their SEND and the support provided. They will be invited to participate in discussions and decisions about this support. This might involve the pupil:

- Explaining what their strengths and difficulties are
- Contributing to setting targets or outcomes
- Attending annual and parent review meetings
- Giving feedback on the effectiveness of interventions

The pupil's views will be taken into account in making decisions that affect them, whenever possible.

7. SEND information report

The school publishes a SEND information report on its website, which sets out how this policy is implemented in the school.

The information report will be updated annually and as soon as possible after any changes to the information it contains.

8. Our approach to SEND support

8.1 Identifying pupils with SEND and assessing their needs

We will assess each pupil's current skills and levels of attainment when they start at the school. This will build on information from previous settings and Key Stages, where appropriate. We will also consider any evidence that the pupil may have a disability and if so, what reasonable adjustments the school may need to make.

Class teachers will regularly assess the progress of all pupils and identify any whose progress:

- Is significantly slower than that of their peers starting from the same baseline
- Fails to match or better their previous rate of progress
- Fails to close the attainment gap between them and their peers
- Widens the attainment gap

This may include progress in areas other than attainment, for example, wider development or social needs.

When teachers identify an area where a pupil is making slow progress, they will target the pupil's area of weakness with differentiated, high-quality teaching. If progress does not improve, the teacher will raise the issue with the SENDCO to have an initial discussion about whether this lack of progress may be due to a special educational need. Where necessary they will, in consultation with the pupil's parents or carers, consider consulting an external specialist.

Slow progress and low attainment will not automatically mean a pupil is recorded as having SEND.

Potential short-term causes of impact on behaviour or performance will be considered, such as bullying or bereavement. Staff will also take particular care in identifying and assessing SEND for pupils whose first language is not English.

When deciding whether the pupil needs special educational provision, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the

pupil and their parents. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

If a pupil is joining the school, and:

- Their previous setting has already identified that they have SEND
- They are known to external agencies
- They have an education, health and care plan (EHCP)

then the school will work in a multi-agency way to make sure we get relevant information before the pupil starts at school, so support can be put in place as early as possible.

8.2 Consulting and involving pupils and parents

The school aim to put the pupil and their parents at the heart of all decisions made about special educational provision.

When we are aiming to identify whether a pupil needs special education provision, we will have an early discussion with the pupil and their parents. These conversations will make sure that:

- Everyone develops a good understanding of the pupil's areas of strength and difficulty
- We take into account any concerns the parents have
- Everyone understands the agreed outcomes sought for the child
- Everyone is clear on what the next steps are

Notes of these early discussions will be added to the pupil's record and made available to their parents.

We will formally notify parents if it is decided that a pupil will receive special educational provision and be added to the schools SEND support.

8.3 The graduated approach to SEND support

Once a pupil has been identified as having SEND, we will take action to remove any barriers to learning, and put effective special educational provision in place. This support will be delivered through successive rounds of a 4-part cycle known as the graduated approach.

1. Assess

The pupil's class teacher and the SENDCO will carry out a clear analysis of the pupil's needs. The views of the pupil and their parents will be taken into account. The school may also seek advice from external support services.

The assessment will be reviewed regularly to help make sure that the support in place is matched to the pupil's need. For many pupils, the most reliable way to identify needs is to observe the way they respond to an intervention.

2. Plan

In consultation with the parents and the pupil, the teacher and the SENDCO will decide which adjustments, interventions and support will be put into place, the expected outcomes, and a clear date for review.

All staff who work with the pupil will be made aware of the pupil's needs, the outcomes sought, the support provided and any teaching strategies or approaches that are needed. This information will be recorded on class provision maps, individual provision maps or de-escalation plans, and will be made accessible to all relevant staff and parent.

Parents will be fully aware of the planned support and interventions, and may be asked to reinforce or contribute to progress at home.

3. Do

The pupil's class or subject teacher retains overall responsibility for their progress.

Where the plan involves group or 1-to-1 teaching away from the main class or subject teacher, they still retain responsibility for the pupil. They will work closely with any teaching assistants or specialist staff involved, to plan and assess the impact of support and interventions and how they can be linked to classroom teaching.

The SENDCO will support the teacher in further assessing the pupil's particular strengths and weaknesses and advising on how to implement support effectively.

4. Review

The effectiveness of the support and interventions and their impact on the pupil's progress will be reviewed in line with the agreed date.

We will evaluate the impact and quality of the support and interventions. This evaluation will be based on:

- Parents and where appropriate pupils, are invited to attend review meetings
- The level of progress the pupil has made towards their outcomes
- The views of teaching staff who work with the pupil

The teacher and the SENDCO will revise the outcomes and support in light of the pupil's progress and development, and in consultation with the pupil and their parents.

8.4 Levels of support

School-based SEND provision

Pupils receiving SEND provision will be placed on the school's SEND support register. These pupils have needs that can be met by the school through the graduated approach. Where the pupil's needs cannot be adequately met with in-house expertise, staff will consider involving an external specialist as soon as possible.

The provision for these pupils is funded through the school's notional SEND budget.

On the census these pupils will be marked with the code K.

Education, health and care (EHC) plan

Pupils who need more support than is available through the school's school-based SEND provision may be entitled to an EHC plan. The plan is a legal document that describes the needs of the pupil, the provision that will be put in place, and the outcomes sought.

The provision for these pupils will be funded from the school's notional SEND budget, and potentially from the LA (from the high-level needs funding block of the dedicated schools grant).

On the census these pupils will be marked with the code E.

8.5 Evaluating the effectiveness of SEND provision

We evaluate the effectiveness of provision for pupils with SEND by:

- Tracking pupils' progress, including by using provision maps

- Carry out termly meetings with the SENDCO/SLT and class teachers to review the graduated approach in every cycle of the SEND support
- Using pupil questionnaires
- Monitoring by the SENDCO
- Holding annual reviews for pupils with EHC plans
- Getting feedback from the pupil and their parents at termly meetings or additional if required

9. Expertise and training of staff

Training will regularly be provided to teaching and support staff. The headteacher and the SENDCO will continuously monitor to identify any staff who have specific training needs and will incorporate this into the school's plan for continuous professional development.

10. Links with external professional agencies

The school recognises that it won't be able to meet all the needs of every pupil. Whenever necessary the school will work with external support services such as:

- Speech and language therapists
- Specialist teachers or outreach support services
- Educational psychologists
- Occupational therapists, speech and language therapists or physiotherapists
- General practitioners or pediatricians
- School nurses
- Child and adolescent mental health services (CAMHS)
- Education welfare officers
- Social services

11. Admission and accessibility arrangements

11.1 Admission arrangements

The Governing Body has agreed with the admissions criteria, which do not discriminate against pupils with special education needs or disabilities. See also our school Admissions Policy in section 14.

Admission to Reception is on a part time basis for the first few weeks to ensure smooth integration. Prior to starting school, parent/carers of children with additional needs will be invited to discuss the provision that can be made to meet their identified needs. This may include a longer induction period and where necessary involvement from outside agencies.

Parents apply to the local authority for a place at our school. Where the child has an EHC plan we will liaise with the local authority and where appropriate the family.

11.2 Accessibility arrangements

At Hamsey Green **we aim to make all reasonable adjustments** to prevent disabled pupils from being treated less favourably than other pupils. Parents or carers seeking the admission of a pupil

with mobility difficulties are advised to approach the school well in advance so that consultations can take place. The DDA as amended by the SEND and Disability Act 2001, placed a duty on all schools and Local Authorities to plan to increase over time the accessibility of schools for disabled pupils and to implement their plans. Following an audit in the summer of 2019, there are currently ramps to access all buildings with one wheelchair accessible toilet for all children and adults. This is continuously reviewed.

At Hamsey Green we request involvement from specialist teachers for inclusive practice including sensory and physical disability teachers, taking on board their recommendations and reasonable adjustments to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment to enable disabled pupils to take better advantage of the education, benefits, facilities and services you provide
- Improve the availability of accessible information to disabled pupils

12. Complaints about SEND provision

Where parents have concerns about our school's SEND provision, they should first raise their concerns informally with the class teacher/SENDCO/Assistant Head/Deputy Head/Headteacher. We will try to resolve the complaint informally in the first instance. If this does not resolve the concerns, parents are welcome to submit their complaint formally.

Formal complaints about SEND provision in our school should be made to the Headteacher in the first instance. They will be handled in line with the school's complaints policy. Please find the link in section 14.

If the parent or carer is not satisfied with the school's response, they can escalate the complaint. In some circumstances, this right also applies to the pupil themselves.

To see a full explanation of suitable avenues for complaint, see pages 246 and 247 of the [SEN Code of Practice](#).

To find out about disagreement resolution and mediation services in our local area or speak to [SEND Advice Surrey](#) where you can request mediation support.

13. Monitoring and evaluation arrangements

13.1 Evaluating the effectiveness of the policy

We are constantly looking for ways to improve our SEND policy. We will do this by evaluating whether or not we are meeting our objectives set out in section 1.

We will evaluate how effective our SEND provision is with regards to:

- All staff's awareness of pupils with SEND at the start of the autumn term
- How early pupils are identified as having SEND
- Pupils' progress and attainment once they have been identified as having SEND
- Whether pupils with SEND feel safe, valued and included in the school community
- Comments and feedback from pupils and their parents

13.2 Monitoring the policy

This policy will be reviewed by Caroline Walker, School SENDCO, **every year**. It will also be updated when any new legislation, requirements or changes in procedure occur during the year. It will be approved by the full governing board.
